

## **The Losers Club**

**by Andrew Clements**

**Review by Jakob**

**Alec wants to create a club only dedicated to reading because he likes reading in class because the principal tells Alec for the last time that he can't read in class. He has to find another person in Extended day to start the club so he finds a girl named Nina.**

**When he started the club with Nina, Alec named the club the Losers Club so nobody would want to join.**

**Why did you like this book?**

**Because the story is about bravery and courage.**

**Why should someone read it?**

**Someone should read it if they love bravery, courage and learning new books.**
